

2008-2009 Sunday School Mission Project

The Stubbs Family: Missionaries in Tanzania

Here's some exciting news! Our Sunday School kids of all ages are sponsoring a missionary family from DeKalb, Ill., this school year as our Sunday School mission project. Randy and Carol Stubbs and their children, Megan, Marissa, and Nathan, are missionaries in Tanzania. Carol and Randy serve in the Music Department of Makumira University College, a university/seminary of the Evangelical Lutheran Church of Tanzania.

The Stubbs family is working to build the first bachelor level degree in music in the entire the country. They are working with their students to give them the tools — through advanced music studies — to preserve their musical heritage and share it with the local church.

We'll be praying for the Stubbs family and sending them cards and financial support all year long. For more information directly from the Stubbs family, visit www.stubbsmission.info.
