

## FAITH QUEST 2011-2012 Mission Project:

# God's Global Barnyard

Living Lord Lutheran Church is a member congregation of the Evangelical Lutheran Church in America (ELCA). One of the ELCA's major initiatives is its World Hunger program. ELCA World Hunger uses multiple strategies to address the root causes of hunger and poverty. One of these strategies is the Good Gifts program, which offers God's Global Barnyard, a way to provide animals to families living in poverty all over the world.

Animals provide these families with food, funds, fertilizer, and a way to make a living—all for a better future. **This year, our FAITH QUEST offerings will support God's Global Barnyard.** We will work toward purchasing our own barnyard of animals; specifically, a cow, pig, sheep, and 20 chicks! To get started, each child should have received a God's Global Barnyard coin bank "barn." Children are encouraged to save up toward our barnyard of animals. If your child needs a barn, please contact Nancy Collins, Faith Quest director, at [nancy.collins@livinglordlutheran.org](mailto:nancy.collins@livinglordlutheran.org).

They can use their barn to hold their money at home and bring in their offerings each week to place in the FAITH QUEST offering basket. It will be exciting to watch as our offerings add up to new animals for our barnyard.

Keep watching the silo on our Barnyard poster in FAITH QUEST Central as the total grows toward our goal of \$675!
